2022 Tax Questionnaire *(Required)*

Thank you for choosing Kollath CPA for your 2022 tax return preparation. **To ensure we have obtained all necessary information on your tax situation to fully prepare your current year tax return, we will be requiring you to complete the following questionnaire.** This provides us with the needed information to ensure we have prepared your return up to both our own and the IRS's standards.

We are working to increase our efficiency to ensure we can process and complete all of our clients' returns in a timely manner. We strive to maintain our high level of service while keeping our fees as low as possible; but due to increased costs and overall inflation, we expect our preparation fees to increase this year.

To help with this, we have included some information below that can keep both fees and turnaround time low this tax season. **Following these tips and recommendations can help save you money and get your return processed faster.**

Helpful Tips and Recommendations

Useful Information

- The following questionnaire and engagement letter are required documents we need before finalizing your return. Please provide these with your 2022 tax documents.
- We have multiple levels of staff working on returns to help enter data and free up our more experienced staff. This helps keep costs down and helps spread out the workload during our busiest time.
- If any of the following questions ask you to provide any tax form or additional information, please do so, or we will have to reach out for that before we are able to finalize.
- The sooner you can respond to any request for additional information, the better.

Providing Information

- Because much of our staff will be working remotely, we prefer that you provide your information electronically if possible. Please request an email from efile@kollathcpa.com to receive an upload link that you can use to send us your information securely.
- Try to provide all required information at one time. Providing your tax information in multiple batches or emails can delay the processing. **Please wait until you are providing all your information to send in the questionnaire and engagement letter. There is no need to send these forms on their own.**
- If you are emailing your information, it is helpful if your documents are in PDF form and are named based on the tax form they represent.
- If you are dropping off or mailing your information physically, it is helpful to organize the forms in the same order they appear in your organizer.

Charity

- For cash charity: Providing a summary of your charitable gifts in your organizer is enough for us to claim the deduction. If there is anything that appears out of the ordinary, we will follow up. We recommend keeping documentation for your records as the IRS requires this in certain circumstances.
- For non-cash charity: Please be sure the information you provide has a value, date, and description assigned to it. A blank receipt from Goodwill is not enough information for us to determine what to deduct.

Medical

- Providing a summary of your medical payments in your organizer is enough for us. Providing us with multiple receipts and bills can take time to organize and summarize, and because of the high deduction threshold, there is commonly little to no tax benefit.
- The exception to this rule relates to any out-of-pocket health/dental insurance premiums and long-term care premiums. Always provide any of these applicable payments as separate amounts, even if all other medical expenses are low.
